### STEP 2: MEASURE YOUR EXISTING RING

2. Place the ring over the circles below, matching the inside of the ring to the circle nearest in size.
3. If the ring falls between two sizes, order the larger size for your comfort.

### SIZING CIRCLES

**TIP!** If the ring you are looking to purchase has a wide band (larger than 5mm), we suggest you choose a ring size 1/2 or 1 size larger than your standard size to ensure comfort.
